

Parent-Child Mother Goose

Discover the power and pleasure of rhymes, songs, and stories.

The Parent-Child Mother Goose Program is a group experience for elders, parents, caregivers and their babies and young children aged 0-6 yrs old, focusing on the pleasure and power of using oral rhymes, songs and stories together. The goals of the program are many, including strengthening parent-child attachment, building a supportive group where isolated people can feel comfortable, and creating opportunities for different generations to interact.

These groups are offered by Partners for Children in the fall, winter and spring of each year. Each offering involves partnerships with rotating agencies and NGOs, and locations vary.
